**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As the world we live in changes and we become more reliant on technology to function normally, it does not make sense to take advantage of this reliance.

Capitalism will be the downfall of civilization. The only outcome will be revolt, for the people will be left with no recourse. Greed or humanity. While the choice seems obvious, my realization is most of what I see as common sense is not looked upon in the same way by the leaders of our county.

A government for the people should be just that.
